

PRESS RELEASE

Mee Derby President to Speak at NACCB and ASA Annual Meetings

BETHESDA, Maryland – October 31, 2006 – Robin Mee, President of Mee Derby & Company and a nationally recognized leader in executive search for the Staffing Industry, will speak at the National Association of Computer Consulting Businesses (NACCB), 2006 annual conference, Nov. 1 – 4 in Orlando, and will moderate a roundtable at the American Staffing Association (ASA), Staffing World 2006, the industry's premiere educational and networking convention, Nov 7 – 10 in Las Vegas.

The NACCB 2006 Annual Conference is the signature educational, training and networking event for the IT services industry and features industry experts and breakout sessions. Robin will present How to Hire C-level Staff based on her 18 years of executive search in the Staffing Industry.

According to NACCB, "hiring good salespeople and recruiters is hard enough, but how do you hire your core team, your C-level staff? For owners and executives, the most important task is assembling the right inner circle. In an up-market it is harder than ever to identify, attract and retain the key people that will drive your company's growth. Where do you look? How do you know the individual you are considering has the right skills and is a good cultural fit?"

Joining Robin Mee in this session is Michele McCauley, Manager of Corporate Recruiting, Apex Systems. Their presentation is from 10:15 to 11:30 am on Thursday, Nov. 2. The program is available at <http://naccb.org/conference/2006/program.pdf>

The ASA is gathering to celebrate its 40th anniversary and unveil Knowledge Network, "a new spin on the popular Ask an Expert roundtable discussions." Robin's roundtable was among the highest attended at Staffing World 2005. This year, ASA urges attendees "to engage in conversations with your colleagues about the industry's hottest topics" such as Direct Hire. Robin will moderate Add Direct Hire Revenue to Your Bottom Line, a natural additional revenue opportunity for temporary and contract staffing firms.

According to ASA, "75% of temporary workers do it as a bridge to permanent employment. Eight out of 10 companies use staffing firms to find permanent employees. The demand is high from both the candidates

and hiring companies for temporary and contract staffing firms to provide Direct Hire as a service option.”

Robin’s roundtable [Add Direct Hire Revenue to Your Bottom Line](http://www.americanstaffing.net/convention06/Knowledge_Network_handout.pdf) takes place on Thursday, Nov. 9 from 8:30 to 10:30 am and is located in Sales and Business Development, Delfino 4101, Table 1. The program is available at http://www.americanstaffing.net/convention06/Knowledge_Network_handout.pdf
